## GENERAL INFORMATION

**1st International Conference of Young Scientists**

**«ELECTRICAL ENGINEERING.  
ENERGY. MECHANICAL ENGINEERING»**

**Date: December 2-6, 2014**

**Place: Conference Hall, Novosibirsk State Technical University,  
Novosibirsk, Russia**

We warmly invite students, postgraduates and young scientists to participate in the conference.

Following the results of the conference the committee plans to publish:

- a collection of papers (Proceedings) in Russian that is included in the Russian Science Citation Index (RSCI) base with the ISBN assigned;
- a special issue of the peer-reviewed journal which is included in Scopus and Web of Science databases – «**Applied Mechanics and Materials**» (in English).

### **IMPORTANT DATES**

- Opening registration – **July 4, 2014.**
- Deadline for registration – **September 10, 2014.**
- Deadline for submission of papers – **September 10, 2014.**
- Deadline for registration fee – **November 1, 2014.**
- Arrival of participants – **December 1, 2014.**
- Conference events – **December 2-6, 2014.**
- Departure of participants – **December 6, 2014.**

### **CONFERENCE SECTIONS**

1. ELECTRICAL ENGINEERING;
2. ENERGY;
3. MECHANICAL ENGINEERING.

### **CONFERENCE TERMS**

We will appreciate the completed scientific and research works of theoretical and practical value which are relevant to the topic of the conference.

The participants should send the following documents to the organizing committee ([eem@corp.nstu.ru](mailto:eem@corp.nstu.ru)):

1. Conference application form ( Appendix 1) – (Deadline: September 10, 2014.)
2. Abstract (Appendix 2) - (Deadline: September 10, 2014)
3. Copy of the document on registration fee payment (Appendix 5.1 and Appendix 5.2) is to be sent after notification that the article is accepted for publication.

At the beginning of the conference, the program and the collection of papers to be presented will be available electronically and in hard copy (Russian).

The organizing committee reviews the manuscripts submitted in the author's edition, and recommends it for publication. The authors and their scientific advisors are responsible for validity and novelty of the results presented.

**The organizing committee reserves the right to reject manuscripts that are not relevant to the topic of the conference, have no scientific novelty, or are not in line with the submission guidelines.**

## **REGISTRATION FEE**

The registration fee is \$ 22 or € 16; it includes the cost of conference materials (publication of the collection of papers in Russian, conference programs, and letters of invitation).

The fee payment for publication of one article in a special issue of the peer-reviewed journal which is included in Scopus and Web of Science databases - «**Applied Mechanics and Materials**» is \$ 75 or € 55.

## **GUIDELINES FOR SUBMITTING AN ARTICLE TO THE PROCEEDINGS OF THE CONFERENCE (RUSSIAN)**

The working languages of the conference: Russian and English.

The paper needs to be two - four pages in length. The number of authors is restricted to three. Each author can publish only two articles in one issue.

The file name should consist of the last name, the initial letters of the first name and the patronymic of the author, the dash (-) and the number of the section, e.g. (PetrovII-1.doc).

The title of the article and the abstract must be in Russian and in English (more than 150 characters).

The article should contain the problem statement, the object to be studied, the results achieved, the novelty and the application field of the results.

The text of every article submitted electronically should be prepared according to the guidelines applied: the length of the article is four (4) full pages, the format-A5(148 mm \* 210 mm), the font - Times New Roman, the font size - 12 pt, the line spacing is single with automatic hyphenation ; the paragraph: the indent - 0.5 cm, the spacing before - 0, then 0; margins: the top and the bottom margins- 20 mm, the left and the right ones - 19 mm); the page orientation - book. These requirements are applied to all items of the article (text, figures, formulas, tables).

Numbers of the references should be given in square brackets.

**Don't position the references as footnotes, please!**

Equations should be produced using Word Equation Editor. The formulas should be italicized, centered and spaced by empty lines at the top and at the bottom. If there are any references to these formulas, they should be numbered with the number right justified. Numbers of the formulas should be given in round brackets.

*The formulas included in the text are not allowed to be drawn.*

### ***Text Layout***

*The first line* – “the name of the article”- upper-case letters (in bold type) centered, single-spaced – 10pt;

*the second line* – “the author’s name / the authors’ names”( the number of contributing authors should be restricted to three, the name of the presenter should be underlined), using upper case letters (in bold type) centered, single-spaced, positioned below the name of the abstract;

*the third line* – “the name of the educational establishment or institution, city” using upper case letters (in bold type) centered, and the author’s e-mail.

Then, the abstract - single spaced, italicized in Russian and in English (the font is Times New Roman, the font size is 10pt) and the body of the article.

“*Bibliography*” should be positioned at the end of the article.

### ***Figures and Tables***

The figures and tables should be referred to in the text as, for example, the figure (Figure 1) or the table (Table 1) respectively. Try to lay out the text in such a way, that the reference is positioned before the illustration, and, if possible, on one page. Each table should have a heading, which is placed above the table and right justified.

*Table 1* - The heading of the table

Each figure should have a caption that is placed below and centered:

*Figure 1* - The caption

The example of the layout of the article to be published in the RSCI proceedings is given in Appendix 2.

The names of scientific advisors, if they are not in the list of contributing authors, are highly recommended to include in “Acknowledgements”.

## **GUIDELINES FOR SUBMITTING AN ARTICLE TO «APPLIED MECHANICS AND MATERIALS» JOURNAL**

The authors, whose articles are recommended for publication in the peer-reviewed journal which is included in Scopus and Web of Science databases, should send to the e-mail address of the organizing committee the following materials:

1. Article in the Russian and English languages. The article in English should conform to format guidelines and general specifications accepted in this journal (Appendix 3). The length of the article is from 4 to 6 pages. The file name should consist of the last name, the initial letters of the first name and the patronymic of the author, the dash (-) and the number of the section, for example, (PetrovII-c.1.doc)

The number of authors is restricted to three. Each author can publish only two articles in one issue.

2. *Copyright* – transfer of copyright to the publisher Trans Tech Publications (Appendix 4).
3. Certified review written by the professor who is an authority in the field. After receiving the notification that the organizing committee accepts the article,

it is required to pay 75 or € 55 for the publication (Appendix 5.1 and Appendix 5.2).

## **PROGRAM COMMITTEE**

### **Chairman of the Organizing Committee**

Pustovoy N.V., Dr. Sc. (Engineering) Professor,  
Rector of Novosibirsk State Technical University (NSTU)

### **Co-chairmen:**

Vostretsov A.G., Dr. Sc. (Engineering) Professor, Vice-rector for Research (NSTU);  
Brovanov S.V., Dr. Sc. (Engineering) Associate Professor, Head of Department of  
Computer Engineering;

Gurova E.G., Director of Center for Students' Scientific and Technical Work; Director  
of Interuniversity Center for Promoting Research and Innovative Activities of  
Students and Young Scientists.

### **Members of the Organizing Committee of the 1<sup>st</sup> International scientific conference «Electrical Engineering. Energy. Mechanical Engineering»:**

1. Bataev A. A., Dr. Sc.( Engineering), Professor ,  
Department of Material Science in Mechanical Engineering;
2. Burov V. G., Dr. Sc.( Engineering), Professor,  
Dean of Faculty of Mechanical Engineering and Technologies;
3. Sidorkin Ju. M., Cand. Sc. (Engineering), Associate Professor,  
Dean of Faculty of Power Engineering;
4. Shchurov N. I., Dr. Sc.( Engineering), Professor ,  
Dean of Faculty of Mechatronics and Automation.

## **ORGANIZING COMMITTEE**

1. Aliferov A.I., Dr. Sc.(Engineering), Professor, Department of Automation of  
Electric Technological Installations;
2. Beloglazov A.V., Cand. Sc. (Engineering), Associate Professor, Department  
of Power Stations;
3. Gurov M.G., Engineer at JSC «Shvabe-Pribori» (CDB «Tochpribor»);
4. Dymov I.S., Deputy Director at Students' Scientific Society, NSTU;
5. Ivanov V.V., Director at Students' Scientific Society, NSTU;
6. Lenivtseva O.G., Postgraduate Student, Department. of Material Science in  
Mechanical Engineering;
7. Makarov S.V., Teaching Assistant, Department of Electrotechnological  
Units;
8. Melnikova L.I., Engineer, Center for Students' Scientific and Technical  
Work;
9. Spiridonov E.A. Associate professor, Department of Electrotechnological  
Units;
10. Fedorova N.B., Leading Engineer-programmer, Center for Students' Scientific  
and Technical Work.

**EXAMPLE OF THE TEXT LAYOUT FOR THE PROCEEDINGS  
IN ENGLISH «APPLIED MECHANICS AND MATERIALS»**

**Your Paper's Title Starts Here: Please Center  
use Helvetica (Arial) 14**

FULL First Author<sup>1, a \*</sup>, FULL Second Author<sup>2, b</sup> and FULL Last Author<sup>3, c</sup>

<sup>1</sup>Full address of first author, including country

<sup>2</sup>Full address of second author, including country

<sup>3</sup>List all distinct addresses in the same way

<sup>a</sup>email, <sup>b</sup>email, <sup>c</sup>email

\* please mark the corresponding author with an asterisk

**Keywords:** List the keywords covered in your paper. These keywords will also be used by the publisher to produce a keyword index.

*For the rest of the paper, please use Times Roman (Times New Roman) 12*

**Abstract.** This template explains and demonstrates how to prepare your camera-ready paper for *Trans Tech Publications*. The best is to read these instructions and follow the outline of this text.

Please make the page settings of your word processor to A4 format (21 x 29,7 cm or 8 x 11 inches); with the margins: bottom 1.5 cm (0.59 in) and top 2.5 cm (0.98 in), right/left margins must be 2 cm (0.78 in).

**We shall be able to publish your paper in electronic form on our web page <http://www.scientific.net>, if the paper format and the margins are correct.**

Your manuscript will be reduced by approximately 20% by the publisher. Please keep this in mind when designing your figures and tables etc.

## Introduction

All manuscripts must be in English, also the table and figure texts, otherwise we cannot publish your paper.

Please keep a second copy of your manuscript in your office. When receiving the paper, we assume that the corresponding authors grant us the copyright to use the paper for the book or journal in question. Should authors use tables or figures from other Publications, they must ask the corresponding publishers to grant them the right to publish this material in their paper.

Use *italic* for emphasizing a word or phrase. Do not use boldface typing or capital letters except for section headings (cf. remarks on section headings, below).

## Organization of the Text

**Section Headings.** The section headings are in boldface capital and lowercase letters. Second level headings are typed as part of the succeeding paragraph (like the subsection heading of this paragraph).

**Page Numbers.** Do *not* number your paper:

**Tables.** Tables (refer with: Table 1, Table 2, ...) should be presented as part of the text, but in such a way as to avoid confusion with the text. A descriptive title should be placed above each table. Units in tables should be given in square brackets [meV]. If square brackets are not available, use curly {meV} or standard brackets (meV).

**Special Signs.** for example ,  $\alpha$   $\gamma$   $\mu$   $\Omega$   $() \geq \pm \bullet \Gamma \{11\bar{2}0\}$  should always be written in with the fonts Times New Roman or Arial, especially also in the figures and tables.

**Macros.** Do not use any macros for the figures and tables. (We will not be able to convert such papers into our system)

**Language.** All text, figures and tables must be in English.

**Figures.** Figures (refer with: Fig. 1, Fig. 2, ...) also should be presented as part of the text, leaving enough space so that the caption will not be confused with the text. The caption should be self-contained and placed *below or beside* the figure. Generally, only original drawings or photographic reproductions are acceptable. Only very good photocopies are acceptable. Utmost care must be taken to *insert the figures in correct alignment with the text*. Half-tone pictures should be in the form of glossy prints. If possible, please include your figures as graphic images in the electronic version. For best quality the pictures should have a resolution of 300 dpi(dots per inch).

Color figures are welcome for the online version of the journal. Generally, these figures will be reduced to black and white for the print version. The author should indicate on the checklist if he wishes to have them printed in full color and make the necessary payments in advance.

**Equations.** Equations (refer with: Eq. 1, Eq. 2, ...) should be indented 5 mm (0.2"). There should be one line of space above the equation and one line of space below it before the text continues. The equations have to be numbered sequentially, and the number put in parentheses at the right-hand edge of the text. Equations should be punctuated as if they were an ordinary part of the text. Punctuation appears after the equation but before the equation number. The use of Microsoft Equation is allowed.

$$c^2 = a^2 + b^2. \quad (1)$$

## Literature References

References are cited in the text just by square brackets [1]. (If square brackets are not available, slashes may be used instead, e.g. /2/.) Two or more references at a time may be put in one set of brackets [3,4]. The references are to be numbered in the order in which they are cited in the text and are to be listed at the end of the contribution under a heading *References*, see our example below.

## Summary

If you follow the “checklist” your paper will conform to the requirements of the publisher and facilitate a problem-free publication process.

Proceedings title (please type): .....

The undersigned author has submitted a manuscript entitled: .....

(the "Work") for publishing in one of the *Trans Tech Periodicals* published by Trans Tech Publications Ltd, Kreuzstrasse 10, CH-8635 Zurich-Durnten, Switzerland.

- A. The author transfers to Trans Tech Publications Ltd. (the "Publisher") during the full term of copyright, the exclusive rights comprised in the copyright of the Work, including but not limited to the right to publish the Work and the material contained therein throughout the world, in all languages and in all media of expression now known or later developed, and to license or permit others to do so.
- B. Notwithstanding the above, the author retains the following:
  - 1. Proprietary rights other than copyright, such as patent rights
  - 2. The right to make copies of all or part of the Work for the author's use in classroom teaching
  - 3. The right to use, after publication, all or part of the Work in a book by the author, or a collection of the author's work.
  - 4. The right to make copies of the Work for internal distribution within the institution which employs the author.
  - 5. The right to use figures and tables of the Work, and up to 250 words of text, for any purpose.
  - 6. The right to make oral presentations of material from the Work.
  - 7. The right to publish an extended, updated or rewritten version in another periodical.
  - 8. The right to include the work (post and preprint version) in an institutional repository

The author agrees that all copies made under any of the above conditions will include a notice of copyright and a citation to the Publication.

- C. In the case of a Work prepared under U.S. Government contract, the U.S. Government may reproduce, royalty-free, all or portions of the Work and may authorize others to do so, for official U.S. Government purpose only, if the U.S. Government contract so requires. A copy of the contract must be attached.
- D. If the Work was written as a work made for hire in the course of employment, the Work is owned by the company/employer which must sign this Agreement in the space provided below. In such case, the Publisher hereby licenses back to such employer the right to use the Work internally or for promotional purpose only.
- E. The author represents that the Work is the author's original work. If the Work was prepared jointly, the author agrees to inform the co-authors of the terms of this Agreement and to obtain their permission to sign on their behalf. The Work is submitted only to this, and has not been published before. (If excerpts from copyrighted works are included, the author will obtain written permission from the copyright owners and show credit to the sources in the Work.) The author also represents that, to the best of his or her knowledge, the Work contains no libelous or unlawful statements, does not infringe on the rights of others, or contain material or instructions that might cause harm or injury.

Note to U.S. Government Employees

A Work prepared by U.S. federal government employee as part of his/her official duties is called a "U.S. Government work", and is in the public domain in the United States; in such case, Paragraph A above applies only outside the United States. Please attach a copy of any applicable policy of the author's agency.

If the Work was prepared jointly, and any co-author is not a U.S. Government employee, it is not a U.S. Government work. That co-author should be delegated by the other co-authors to sign this Agreement. If the Work was not prepared as part of the employee's duties, it is not a U.S. Government work.

***This signed statement should accompany the manuscript when it is submitted to the conference editor for publication.***

*By signing this document the author agrees to receive login information for author access at [www.scientific.net](http://www.scientific.net) and to receive information via email for future books and specials related to materials science.*

*This service can be canceled at any time.*

6.2. All changes and amendments are to be integral parts of the present Contract. They are valid only if made in writing and signed by both Parties.
